TOUCH THE MISSION FIELDS THROUGH PRAYER

Dear Prayer partners

Anyone can pray for others and step in with God on their behalf. But some people are gifted at intercession. They have an ear and a passion for the needs of others, and take them before God even when those other people reject God. An intercessor's heart is touched for places and for people who are in need, not so much *on* their side as by their side and on their behalf.

Intercession is trusting God to act, even if it's not in the manner or timing we seek. God wants us to ask, even urgently. It is casting our weakness before God's strength, and (at its best) having a bit of God's passion burn in us.

The Bible has many cases of people standing up for others before God. The most striking example is **Abraham**. He took the initiative to step forward before God on behalf of his neighbors in Sodom and its area. **Moses** also stepped in when God was angry, standing in the gap in the most literal sense : offering his own life for that of his nation. (Thankfully, God didn't take him up on the offer.) A fine example is the exchange between the prophet **Habakkuk** and God, where the prophet asks for God to act against injustice, but God replies about a coming doom. The master builder **Nehemiah** prayed to God to bring about the rebuilding of Jerusalem and of his people. As they took their concerns to God, the key motivation behind these giants of faith was compassion.

They loved the people, the culture, the faith with a love like God's love, and it burned in them so much that they dared to take on God on their behalf.

Jesus was the prime example of an intercessor. He interceded in prayer for God to bless and protect His followers. At the cross, He prayed for forgiveness. Indeed, His whole life, His whole reason for being born, was to be a living intercession, a giving of His life to span the rift caused by our rebellion against God.

This is what we hope to see happening when you - God's people pray for our Mission and Missionaries who are in the war front facing the schemes of the evil one every day. The bonds will be broken, doors will be opened, hearts will be melted and God's kingdom will be established in all our mission fields.

Your Co Intercessor

Jenny Christopher

Departments

1) Field Ministries

Mission fields

A mission field is a geographically defined region populated by people who have not heard the Gospel and where a Worship group or church did not exist before our missionaries set foot in the region. Mission fields are classified into three broad categories. 1) Fruitful, 2) less fruitful, 3) hard. Yet, as God's people pray earnestly, God intervenes in the lives of people and transforms lives.

Bible Translation and Literacy

How many copies of the Bible do you have in your mother tongue? In English, there are numerous versions of the Scriptures already available and many more in the pipeline. Did you know that many unwritten languages in our country do not have even a single word in their mother tongues? These are verbal or spoken languages. We have 11 Bible translation projects. It takes approximately 20 years of one's life to translate the New Testament in one language. The New Testament has been completed in 3 languages – Koya, Garasia and Bison Horn Madiya. We have 2 literacy teams working hard on helping the people to read and write in their languages.

Hostels

Hostels for local children is an important ministry being carried out in our mission fields. Children of our believers, who would have never had an opportunity to study, are prayerfully selected and admitted to hostels run either by IEM or partner Missions. Some of these children have already begun to shine for the Lord and hope-

fully will become the pillars of the future church.

Medical

Living conditions is primitive and unhygienic in some of our mission fields. Mortality rates are high because medical facilities are either inaccessible or unaffordable. While all our missionaries are trained to cater to the basic medical needs of the people they are working among, we have trained nurses and only one doctor-run clinic in the entire Mission! While our main focus is church planting, skilled medical missionaries are desperately needed as well.

250 New Worship Groups by 2011

A Worship Group consists of at least 10 people who have either openly confessed their faith in the Lord or are keen to know Jesus personally. In keeping with IEM's goal to plant churches where no church exists, the formation of Worship Groups is priority in our mission fields. Once the Worship Group is formed, it gradually develops.

2) Personnel Services

Recruitment

The Personnel Service "meets" prospective missionary candidates well before they are appointed as missionaries in IEM. It receives applications, processes them, interacts with candidates and finally presents them before the IEM Board which appoints them. The whole procedure is prayerfully and carefully undertaken.

Training

During the selection process, the candidates undergo training both at

lessly to promote the work of IEM in their respective countries. Further, they also visit India to get a first hand experience of the ministry being carried out here.

4) Administration

Property Maintenance

The first IEM office was in the brief case of its Founder, Rev Dr Theodore Williams. Today, the Mission owns moveable and immovable property in many areas of the country which needs to be maintained. This department also maintains documents related to legal matters. Whenever the need arises, land and buildings are purchased on behalf of the Mission.

Vehicles

Vehicles increase the mobility of our missionaries so that they can reach more villages in the mission fields or raise more support for the Mission in the shortest possible time. More and more missionaries need vehicles as the strength of the Mission increases. Further aging vehicles need to be disposed off and vehicle documents need to be maintained.

Projects

Most developmental projects in our mission fields are carried out in partnership with like-minded agencies to raise the living standards of the

people we are working among.

5) Finance

The Mission requires money to meet the needs of the Mission. Our supporters give sacrificially and we are constantly reminded to use the money wisely. God has indeed met our needs but we need to constantly depend on Him. Besides the General fund which is used for salaries and related expenditure, we also have many earmarked funds for specific needs.

6) Communication Services

Magazine

We publish a monthly magazine called IEM Outreach in English, Tamil, Telugu, Kannada, Malayalam, Marathi, Gujarati, Oriya and Hindi. With a total circulation of about 50,000 copies, this magazine carries the challenge of Missions by disseminating information about the happenings in the Mission. It is sent to those who contribute Rs 100/- and above towards the ministries of IEM.

Publications and audio visual tools

From time to time, books and brochures giving information on missions and Bible studies are published. Audio and video recordings of Bible studies as well as documentaries on our ministry in the mission fields are produced.

Obituary

Sudesh Gaikward

We deeply regret to announce the sudden passing away of our beloved brother and fellow missionary, Mr Sudesh Gaikwad on April 14, 2010. He was 42. Coming from the Ahmednagar, known as the Jerusalem of Maharashtra, Sudesh proved to be a deeply committed and hardworking missionary of IEM. He took on any challenge laid upon him by his leaders and did his best for the glory of God. As a Church Ministries Associate, based in Nasik, he succeeded in starting prayer cells in homes and was welcomed in churches as well. He ably organized a convention in Nasik through which many Christians were made aware of the ministries of IEM.

Kindly uphold his beloved wife Kalpana and their 4-year old son Israel in your prayers as they trust the Lord to sustain them during their hour of deep sorrow.
