Dear Prayer Partners in Christ,

11 May 2010

Loving greetings to you all in the saving name of our Lord Jesus Christ.

Thanks for up-holding us in your daily prayers, by God's grace the work here in Balrampur is gaining momentum and many new contacts have been develop and many people in the villages are requesting us to visit and pray for them. Today, my wife, Mr. Gudgi, Mrs Menuka and I visited new village call Metahawa and God is opening that village for ministry. One family form that village came to know about Mrs Menuka's miraculous healing from the evil spirit and on Sunday they joined Mrs Menuka to Mr. Gudgi's house for prayer which is about 15kms from their village. Their daughter is tormented by evil spirit, after sharing gospel I call all the family to come to the middle for prayer but Miss. Geeta (their daughter) said I don't like it and she don't want to come. The father, mother and brother removed all the tabis from their body and we prayed for them. after that I placed Bible upon her (Miss Geeta) and along with Gudgi, we prayed for her though the evil spirit don't want us to pray; Pray that God will deliever her from her bondage.

Sharing gospel & testimony to a family; they have decided to remove all their photos of gods & goddess.

A widow Mrs Menuka and her two children praying.

Miss Geeta, evil possess we prayed for her but she said "I don't like it". Pray that God will deliver her.

After we visit Metahawa village, we go to Mr. Gudgi's village and prayed for Miss Guriya, whose stomach is swollen since the past 3 months. she feel pain and couldn't do house hold work. The parent have taken her to Beraich, Balrampur, Tulsipur for medical checkup but she is not improving. Ater they fail all their plan and hope they approched Mr. Gudgi to pray for her. They declared that "If Jesus heal her we will accept and worship Him alone". Today we prayed for her and commit her to the Lord; please join with us and pray that God will heal her completely.

Thank You very much for your
prayer support; please continue,
we value it.
